

SIRIM Berhad would like to take this opportunity to introduce Malaysian Standards Online (MS Online) System to libraries, industries associations, higher learning institutions, government sectors and industries in Malaysia.

The system enables users to access Malaysian Standard via the internet and the users will also be able to purchase and download the full text of Malaysian Standards online. Currently, they have more than 6,400 Malaysian Standards in the system including plastics, engineering, IT, food technology, quality, health care technology, road vehicle, electrical, rubber, paint, construction, chemistry and other subjects.

They believe this system will be beneficial to you and your library as it is user friendly and cost saving. Therefore, they would appreciate if you could spare some time for them to demonstrate and share with you the benefit of MS Online.

Places are limited, and we will operate on a first-come, first-served basis.

**Date : 27 July 2011 (Wednesday)
Time : 10.00 am – 11.00 am
Venue : ICT Training Room, Pustaka Negeri Sarawak**

MALAYSIAN STANDARDS (MS) ONLINE SYSTEM

Malaysian Standards

Standards are required by industry, government and consumers to facilitate both domestic and international trade, enhance industry efficiency and technological development, enforcement regulations for public safety, health, environment protection and prevention of deceptive practices.

We now make available Malaysian Standards On line.

About MS Online System

MS Online System aims to assist users to access Malaysian Standards via the Internet.

Users will be able to view, print and download the full text of Malaysian Standards online by purchasing the standards on our MS Online web site. The system provides users with several searching capabilities to search the relevant standards needed by them

The system also provide facility for online credit card payment.

Benefits of using MS Online System

1. *Speedy Access*

Users can purchase Malaysian Standards direct from internet. Standards can be downloaded immediately after making payment by credit card.

Users do not need to wait for the standards to arrive by mail or come to SIRIM Berhad to purchase the standards. Now they can just access the Internet, search the standards that they want, make payment by credit card and download the standards. It will only take a few minutes to do all these.

2. *User Friendly*

The online system is user friendly. An online guide is also available.

3. *Timeliness*

New standards are immediately available online. Users do not need to wait for the standards to be printed to purchase them.

4. *Search Facilities*

There are various search options available to the users such as using MS number, title, subject, year and keyword searches. They can also use Boolean search and truncations to limit their search to specific standards.

5. *Cost Saving*

Prices of standards by subject selection or complete collection are 25% to 50% lower than the hardcopy prices. There is no postage charge imposed for online or CD-ROM /DVD ROM purchases.

6. *Secured Online Payment*

The system uses a secured online payment system by credit card. User would be able to use their Visa or Mastercard credit card to purchase Malaysian Standards online.

Price

There are three options for users to purchase Malaysian Standards.

- a. **Single Standards** - user can purchase using credit card and download the standards to their PC.
- b. **Online Subscription** - user can also subscribe to the complete set of Malaysian Standards or subscribe to a particular subject. User will be able to search, view, download and print within the subscription period of one year.
- c. **CD-ROM/DVD-ROM Subscription** - user can also subscribe to the complete set of Malaysian Standards on CD-ROM or subscribe to a particular subject on CD-ROM. User will be able to search, view, download and print within the subscription period of one year.
